

HEALTH CARE SUMMIT February 25th

Following is a list of the hand picked Committee Members who were invited to appear at the Obama Health Care Summit on February 25th

Please contact them and ask them to reject the Health Care Plan currently before the House and Senate.
Also, ask them to keep the Stupak Pro-Life Amendment in the Bill
Remind that "We the People" reject mandating employers and individuals to carry health care insurance. This the right of the individual, not the government to mandate carrying health care insurance, and numerous State Attorney's are prepared to file lawsuits should it pass.
